

Cargo

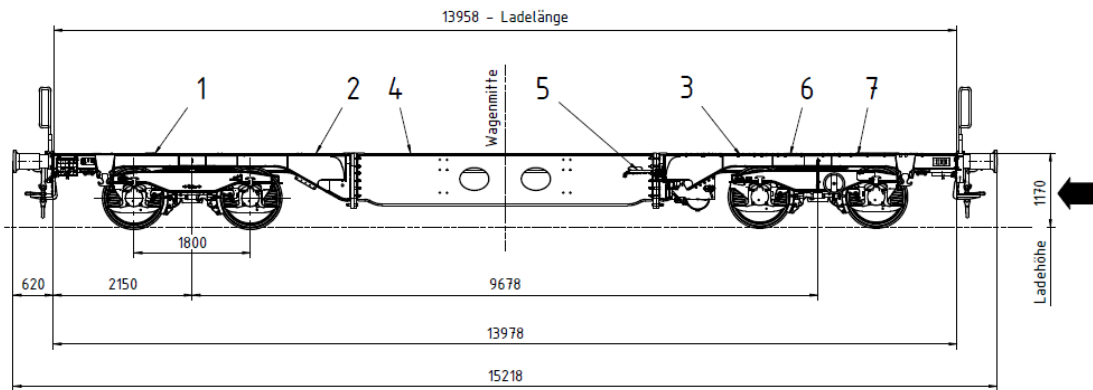

m² wagon 45ft

DB Cargo | Multifunktionaler Güterwagen | 21.05.2022

Features

- **Modular carrying wagon** for transporting industry-specific freight loading units
- The **wagon system** is the only one of its kind **approved** in Europe since **31.05.2021**
- Significant **changes can be made to wagon properties** without requiring new approval
 - The **flexible** system allows the **length of the wagon to be configured** as needed over the wagon's life cycle
 - **Freight loading units can be changed multiple times** during a wagon's life cycle
- Proven and approved for **unrestricted use for single wagonload transport**
